

# Clinical-Research Fellowship in Concussion at the Canadian Concussion Centre

The Clinical-Research Fellowship in Concussion is a 1-2 year program open to applicants who have completed residency training in Neurology, Neurosurgery, or Physical Medicine and Rehabilitation or physicians with a Sports Medicine certificate seeking advanced training in the clinical management and research of concussions.

Applications for the 2025-2026 fellowship (alternative start dates available) should include a statement of purpose, CV, and three letters of recommendation, and be submitted to:

Carmela Tartaglia, MD, FRCPC  
Concussion Fellowship Director  
Toronto Western Hospital  
399 Bathurst St, West Wing 5-449  
Toronto, ON M5T 2S8
