Toronto Central LHIN's Strategic Plan:

Support the implementation of Toronto Central LHIN's 2015-2018 Strategic Plan. In addition to the multiple initiatives underway related to the Toronto Central LHIN Strategic Plan, Toronto Central LHIN looks to its Health Service Providers (HSPs) for a commitment to the specific initiatives outlined below:

Toronto Central LHIN Sub Regions: Participate in the Toronto Central LHIN Local Collaboratives and in applicable endorsed initiatives, including the development of regional quality improvement activities and Quality Improvement Plans.

Primary Care: Continued support of the Toronto Central LHIN primary care strategy, including its associated priority projects:

- Attachment, Access and Continuity with Primary Care
- Access to Interprofessional Teams
- Quality and Timeliness of Discharge Plans
- Access to Specialists
- Secured Communications
- Health Links

Health Equity: Continue to actively support Toronto Central LHIN Health Equity initiatives through:

- Support approaches to service planning and delivery that: a) identify health inequities, b) actively seek new opportunities to address health inequities, and c) reduce existing health inequities.
- Participate in appropriate Toronto Central LHIN Indigenous and Francophone Cultural Competency Initiatives.
- Participate in French Language Service (FLS) planning:
 - o For identified HSPs that provide services in French, develop a FLS plan and demonstrate yearly progress towards meeting designation criteria.
 - O HSPs that are not identified for the provision of FLS, the expectation is to identify their French-speaking clients. This information is to be used by the HSP to help with the establishment of an environment where people's linguistic backgrounds are collected, linked with existing health services data and utilized in health services and health system planning to ensure services are culturally and linguistically sensitive.

Digital Health: Adopt Digital Health and Information Management initiatives that encompass both provincial and local level priorities as identified by Toronto Central LHIN. This specifically includes, where applicable:

- Adherence to operational privacy and security policies related to the use of regional and provincial health technologies (i.e. RM&R).
- Continued full implementation of Hospital Resource Manager, eNotification, and Connecting Ontario/GTA.
- Submission of data to Integrated Decision Support tool (IDS).

2017-2018 Schedule C3: LHIN Local Indicators and Obligations

Facility #: 613

Ministry/LHIN Accountability Agreement Performance (MLAA):

Toronto Central LHIN is developing a system-wide plan to improve performance on its MLAA indicators including embedding performance targets in the Service Accountability Agreements. In addition, HSPs will contribute to the achievement of the Toronto Central LHIN MLAA Performance Indicators through the following specific initiative.

Hospitals will develop and submit a plan to meet select HSAA performance targets prioritized by Toronto Central LHIN Clinical Efficiency/Clinical Utilization Committee. These plans are to be submitted to the Toronto Central LHIN in 2017/18 (Reporting template will be circulated, and reports will be submitted by end of Q1).

Emergency Management: It is expected that HSPs review and maintain their Emergency Management and Business Continuity Plans. HSPs should:

- Maintain regulated standards.
- Participate in initiatives to increase emergency preparedness and response levels at your organization, within your sector and the system overall.
